330-264-9925

## New Look-Same Great Formula. Equine Senior and Equine Senior Active

have a new look on the outside, but don't worry, nothing has changed with the feed inside. It's still great.

It may be time to change your feed. **Your senior horse may benefit from ActivAge® prebiotic.**

### What is a prebiotic?

A prebiotic supports the health and growth of beneficial microorganisms in the digestive tract. Not all prebiotics are created equal. The specific strain of ActivAge® prebiotic supports immune function in aging horses.

### What can ActivAge® prebiotic do for your senior horse?

ActivAge® is a unique combination of antioxidants, polyphenols and prebiotics scientifically proven to work together to support your horse through the aging process. It can help support response to flu vaccination and the senior horse's aging immune system.

Contact Kathi Green at 440-321-9996 [kgreen@centerracoop.com] to find out more.
